📋 Other

Personal Blog
May, 2021 - Present

Currently, I am working on Django to develop my personal Blog, Also I am using the default sqlite3 database for this project.

Data Science Training
Mar, 2021 - Aug, 2021

I have taken Data Science course with EDWIN a Data Science Collaboration platform to brush up on my knowledge of Machine Learning and a verbose idea of Neural Network.

Automated Face Recognition based Attendance System
Apr, 2020 - Feb, 2021

We have designed an intelligent attendance system as a team in our capstone project that is able to identify and recognize students and upgrade the attendance of each student. The project was developed in two phases. In phase 1 we have developed the AI part and in the Phase 2 we have developed a website for as a portal for maintaining the attendance.
